Who do you th nk it s ?
Ah no I am not ready
It's father.

and ?
she won't find out it's been more than 10 years
This picture sucks
Why? Do not you like your father's picture ?
She likes Austin style father, right?
Austin?
It doesn't have to be Auston like
Probably because the way I've lived was tough

My second life in a foreign country was harsh
Without pretending to be tough it was hard to get through
I became one of the best students after I studied hard enough for my brain to be exploded
And before I went to just about every party and made many friends
To them I was only "An As an bitch"
And while going through that...
Infused an image of Austin into father's image that was beginning to disappear with time being
But
Mongs said to me that father was cute
Of course I cannot accept that
it was probably because smiling was her own way of survival

It s so strange to see weak father
I don't like it at all

Ya ....

I
I was shocked.

You used to hate Yume
Foolish smile
face and behavior
You said everything about her was getting on your nerve
But why
When you ran away from home 3 years ago
You said that you'd have exiled her if she belonged to your family
Why did you take Yume with you ?

www.janimes.com

I was sure that the only person who could ever get close to you was me
That day I called you so many times n snow
You were go ng away wh le hold ng Yume s hand
Why Yume at such an mportant moment ?
You d dn't even look back
That s
Because , at the very moment,
What I really needed was Yume.

How about now ?
Needed ?
What about now ?
Can you still tell me that you do like Yume ?

It's different from "like".
Then when you said you d slike an arranged marr age it s not that you l ke Yume but me ?
You are my ch ldhood fr end
If I have to answer...,
It'd be because I hate my father.
www.janimes.com

Being left
alone is ...

Being left alone reminds you of a fact that there is no one around to be with you even if you want someone to.
And it eventually makes you to give up on expecting someone
Your father did he contact you today ?
He s not going to contact me
He ran away long ago
If he wasn't going to protect at least me he shouldn't have separated three of us !
He took you two away from me !

I was only 12 !
Why did you think you were alone
We were far away from each other But Mong and I were living together
We three are one
And I had to live with a bitter feeling of loneness !

It was late but he has been with you to protect you.
And probably for you ...
He had to l e to Mong and me
